Your expectations of us

- We will smile and greet everyone big or small who comes to our crèche
- We will plan & provide creative programmes to inspire your children
- We will ask for your feedback
- We will make sure that your child is always provided with a drink
- We will change nappies as required, but ask that you please provide your own nappies, wipes and a nappy sack in a labelled bag
- We will always tell you what your child has been doing while they have been in our crèche

The science of learning through play

Your children & babies learn through first hand experience in a holistic manner. They have a natural desire to learn and to make sense of their environment through playing and using their senses. Our crèche allows them to develop at their own rate with the focus on what they can do rather than what they can't. Play is your child's work, enabling them to make sense of the world around them, exploring and experiencing within the safety of a supervised and caring environment.

The Bannatyne's Crèche has been designed specifically with this in mind. Our activities are designed to create that special range of experiences (physical, intellectual, social and emotional), enabling your child to embrace knowledge at his or her own pace. So you can really enjoy your time confident that your child is having fun and learning through play.

We pride ourselves on the wide range of activities we provide. So please look out for our regular 8 weekly plan of everything going on in your club.

Things you need to know
